MEDIA SAFETY & IDENTIFICATION

Adapted from the FIA WRC Media Facilities and Operations Guide

1. It is acknowledged that the media play an important role in the FIA Asia Pacific Rally Championship and that each member of the working media must be permitted to carry out his or her work in the best possible conditions.
2. However, the media is not exempt from having to respect safety rules. In general, this should not interfere with their ability to perform their duties. Nevertheless, safety will always take precedence.
3. Media are divided into two groups:
 - a) MEDIA
 - b) TABARD MEDIA

Each group is identifiable as follows:

- a) MEDIA – media passes, named and issued by the event organizer.
 - b) TABARD MEDIA – named media passes and numbered tabards, issued by the event organizer. It is strongly advised using the APRC numbered tabards available from the FIA APRC Coordinator Mr Murray Brown.
4. Only media representatives wearing a media pass and tabard will be permitted access to reserved areas on the special stages where spectators are not permitted. These areas are marked in the event's Media Safety Book as designated tabard media zones. All other members of the media must remain in designated spectator areas on the stages.
 5. Media representatives wearing a tabard must ensure it is clearly visible at all times and not covered in any way. The tabard is allocated on a strictly named basis and is non-transferable. Failure to comply with this will result in the immediate withdrawal of the tabard.
 6. If in the opinion of a marshal, official or the FIA APRC Coordinator the wearer of a tabard is located in an area of danger he or she will be asked to move. If this instruction is ignored, a written report of the incident, detailing the number of the tabard holder, must be sent to the Clerk of the Course, who will immediately forward it to the FIA APRC Coordinator.
 7. The FIA APRC Coordinator, having investigated the matter, may at his or her discretion, summon the relevant parties.
 8. Having heard the parties, the FIA APRC Coordinator (in accordance with the event's Accreditation Agreement and Waiver of Liability) may:
 - a) impose a reprimand, which will be taken into account in the event of a further offence
 - b) withdraw the accreditation for one or more days of the current or following event(s)
 - c) refer the matter to the Stewards of the Meeting
 - d) refer the matter to the FIA Press Council.
